When you keep a child alive, you keep the spirit of childhood alive.

Their joy, their hopes, their dreams.

But many African families cannot afford Antiretroviral drugs and every minute, another child is left an orphan, or dies.

Not anymore.

Now there is a simple, direct way to get involved.

For just a dollar a day you can provide medicines that keep a parent or child alive and a family together.

Go to **www.KeepAChildAlive.org** and keep the spirit of childhood alive.
